GREAT CONSERVATIVE DEFEAT.

BRIGHTON BY-ELECTION.

UNIONISM AND PROTESTANTISM.

LONDON, April 6. The by-election for the representation of Brighton in the House of Commons, the result of which was the defeat of the Conservative Government, was held yesterday.

The result of the election has caused a tremendous sensation in Parliamentary circles.

Mr. E. Villiers, in addressing the crowd on the declaration of the result, said that the result was not unexpected.

He believed in the common sense of the Englishman, and this was Brighton's protest against the Government.

It was not a personal matter, for Mr. Loder was a popular man, but the Government had made a mistake.

Mr. Loder attributed his defeat largely to the Church Association turning over to the Conservatives.

He also pointed to the question of Chinese labour in the Transvaal and the attitude of the Government on the subject.

THE CHURCH DECIDES.

TO RESIST OTAMA.

LINCOLN'S PLANS.

LONDON, April 6. Reformers in Russia declare that the Church will submit the question of peace or war to an assembly of 63 bishops in Moscow, in May, as the autocratic Government of the Emperor is not in a position to consult with the representatives on the matter.

RUSSIAN DISPOSITIONS.

A CRESCENT-SHAPED POSITION.

General Lindevich, the Russian Commander-in-Chief, has sent 50,000 men to the front, and he has a quarter of a million men entrenched at Swan-tan-hai, near the Dun-liao-ho, half way between Mukden and Kwang-chow. Here the Russian is astride the railway in the form of a crescent, whose horns are pointing to the north and south.

The Russians are converting the country into a desert to impede the advance of the Japanese.

The correspondent of the "Rus," St. Petersburg, reports that the Japanese are marching to Taitshai, 180 miles north-west of the Russian frontier.

The Japanese after expelling the Russians occupied Taitshai, Su-ming-cheng, and San-tai-chi, villages in the vicinity of Chang-tu, and dispersed 500 Russian cavalry.

Count Schepetshy, Russian Attaché at the Legation in London, has written to the British Government that the Russian Government is not in a position to consult with the representatives on the matter.

POBEDONOSTSEFF RESIGNS.

Mr. Pobedonostzeff, the Procurator of the Holy Synod of Russia, has resigned. This action is attributed to the Synod pronouncing in favour of certain reforms; also in protesting against the bureaucracy controlling the Church.

The Synod commends the summoning of an assembly of bishops to elect a Patriarch, thus restoring the power of influence abolished by Peter the Great.

CONSPIRACY IN FRANCE.

TO UPSET THE GOVERNMENT.

LONDON, April 6. Captain Tamburini, on half pay, has been arrested at Paris for engaging with others in a conspiracy against the Government. The conspirators were the Mallet conspiracy against Napoleon in 1812.

When in 1812 Napoleon was triumphing over the ruins of Moscow, 100 miles from Paris, an attempt was made to overthrow his power at home, and for a time it seemed as if the Emperor would be driven from his capital.

On the morning of October 23, three ex-generals, said to have been in the Republican party, Mallet, Lohrie, and Guille, having framed a conspiracy to overthrow Napoleon, went to the barracks occupied by the first regiment of the National Guard, and the Dragons of Paris, and having read a proclamation informing them of the intended coup d'etat, they ordered the troops to follow them.

The troops followed them, and they proceeded to different points, where they relieved the guards. The conspirators then arrested the Minister of Police and the Prefect of Police. Another division marched to the house of the Emperor, and the Emperor fled.

He was taken to the Hotel de Ville, and he was no longer Emperor. Mallet then proceeded to arrest the chief of the Etat-Major, and the chief of the army.
